

# Lockout/Tagout Classroom Preparation

## BLR's Safety Training Presentations

### OSHA's Lockout/Tagout Requirements

- ☐ Have you read the requirements of the Control of Hazardous Energy Standard (www.osha.gov) located in 29 CFR 1910.147?
- ☐ Does your company have a written Lockout/Tagout (LOTO) Program?
- ☐ Do you have energy isolation devices, locks and tags available for use?
- ☐ Have authorized and affected employees been identified?

### Preparing Handouts and Training Props

- ☐ Print out and make copies of the Lockout/Tagout Quiz.
- ☐ Bring examples of locks, tags, and isolation devices to class for demonstration.
- ☐ Make copies of any lockout procedures you may have for specific equipment. These can be used for discussion in the class.

### Supplemental Information

- BLR's *Lockout/Tagout* booklet, #200-193
- *Control of Hazardous Energy (Lockout/Tagout)*, OSHA Pamphlet #3120
